# Markets

# Where do you go when you need to buy something?

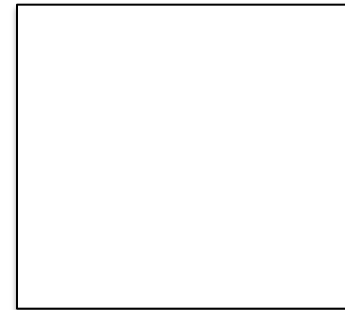

We **buy** things at stores.

# The very first stores were called

# markets

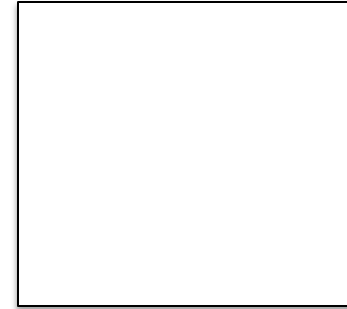

People made goods to sell at the market.

They would sell goods to make money.

People would **sell** goods at the market.

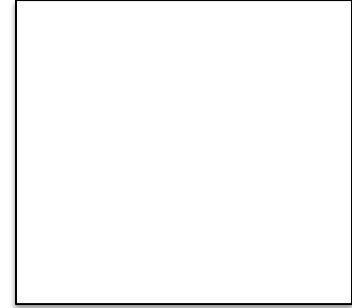

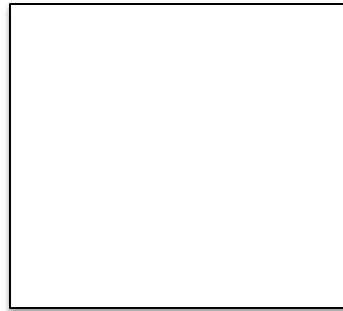

People would go to the market to buy goods that they needed.

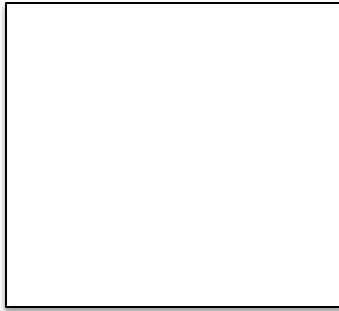

They would buy the goods with money.

People would **buy** goods at the market.

The **goods** was what they made.

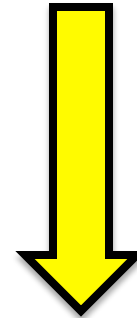

The **craft** was how they made it.
